## **Letter From The President**

A unique leadership opportunity awaits you!

Looking for a way to improve your leadership skills, your management skills, something to add to your resume? Okay, I know many of you are retired or about to retire. So how about just wanting to be more involved in ODS. What is the opportunity? That

is up to you. ODS has many volunteer opportunities.

Each year we need three new board members, who are volunteers to help with event planning (symposium and shows), and many other opportunities. ODS cannot survive and thrive without everyone's help.

Please consider what you can do for ODS! If you

have something in mind give any of the Board members a call. Their contact information is on the last page of this newsletter. Thank you in advance for supporting ODS!

**Stay cool! & Happy Riding,**

**Pamela DeVore  
President,  
Oklahoma Dressage Society**

### ***Advanced Techniques of Dressage* - by German National Equestrian Federation**

*Germany has won more championship medals in equestrian competitions than any other country in the world. Their success in so many disciplines, including dressage, must be largely due to their training systems, which are applauded the world over as being clear, logical and thorough. *Advanced Techniques of Dressage* is translated from the official instruction manual of the GNEF. It provides an instruction course in advanced level dressage for horse and rider. It describes in detail the criteria governing each stage of dressage training - from transitions and extensions to piaffe and passage - giving aids and training methods to be used for each movement or exercise.*

 & IMPROVED FORMULA

# Empower® Topline Balance™ THE FIRST CHOICE IN TOPLINE HEALTH

Just like humans, horses have a core muscle group that enables motion, performance, and drive—and proper nutrition is key to a healthy core.

Known as the topline, a horse's core plays an important role in how a horse performs, looks, and feels. Topline is a critical indicator of overall health. A strong and healthy topline signifies core strength and proper nutrition.

Research proves Nutrena® feeds are the best when it comes to topline. Experience it by trying new Empower® Topline Balance™ horse feed.

Evaluate your horse's topline health and get a tailored feeding recommendation at [ToplineBalance.com](http://ToplineBalance.com).

## A FOCUS ON TRAINING: THE THOUGHTFUL RIDER

### *The Walk: A Clear Indicator of your Training Progress*

*In training, we must strive that we are finishing our rides with a content and fresh horse. Which means we need to allow the free walk during breaks be a clear indicator of how the training is progressing. Straightness, and long, relaxed, full ground covering strides become a byproduct of quality training that can be influenced with minimal effort from the rider. If this is lacking, it is vitally important that the training is conducted with those ideals as a goal. Until this becomes clearer, I find it best and more suitable to hand walk as a cool down after the ride instead of either a plodding or rider-involved walk. Ultimately, it leads to horse who is pleased in his effort with the rider on his back during the cool down phase.*

—Hector Carmona, Jr., FEI Trainer

GOOD READS

THE FOLLOWING ARE SOME BOOK TITLES THAT HORSE-CRAZY PEOPLE MIGHT ENJOY ON A LAZY SUMMER DAY.\*

*The Perfect Horse: The Daring U.S. Mission to Rescue the Priceless Stallions Kidnapped by the Nazis* - by Elizabeth Letts

NEW YORK TIMES BESTSELLER • From the author of *The Eighty-Dollar Champion*, the remarkable story of the heroic rescue of priceless horses in the closing days of World War II

*Eighty-Dollar Champion: Snowman, the Horse that Inspired a Nation* - by Elizabeth Letts

#1 NEW YORK TIMES BESTSELLER • Harry de Leyer first saw the horse he would name Snowman on a truck bound for the slaughterhouse. The recent Dutch immigrant recognized the

spark in the eye of the beaten-up nag and bought him for eighty dollars. On Harry's modest farm on Long Island, he ultimately taught Snowman how to fly. Here is the dramatic and inspiring rise to stardom of an unlikely duo. One show at a time, against extraordinary odds and some of the most expensive thoroughbreds alive, the pair climbed to the very top of the sport of show jumping. Their story captured the heart of Cold War-era America—a story of unstoppable hope, inconceivable dreams, and the chance to have it all. They were the longest of all longshots—and their win was the stuff of legend.

*The Power to Win: Achieving Peak Performance with Hypnosis and NLP* - by Laura Boynton King

One of the more frequent challenges faced by equestrians is how to improve their performance. They express frustration that they often possess identical-if not superior-physical

attributes to their competitors, yet they're consistently being out-performed by that competition. In many cases, the problem is rooted in self-doubt, which limits their levels of performance.

Using self-hypnosis, and Neuro Linguistic Programming (NLP), Laura Boynton King teaches the reader how to identify and accept self-doubt. Once this is achieved, she explains how to stop dwelling on past failures and other negative feelings and images through stress-reduction techniques, positive imagery, and concentration-focusing skills.

*USDF Guide to Dressage: The Official Guide of the United States Dressage Federation* - by Jennifer O. Bryant

Whatever your primary equestrian discipline, dressage is an ideal way for you to increase your riding awareness and enhance your relationship with your horse. Providing an overview of basic techniques and a series of helpful training exercises, Jennifer O. Bryant

stresses the tenets of harmonious communication between horse and rider as she guides you through the graceful movements of dressage. With suggestions on how to find qualified instructors and information on necessary equipment, this comprehensive guide will inspire you to explore this exciting and rewarding world.
